Connects power to all Code 332 track with screw clamps. For indoor and outdoor use.

**BALTIMORE & OHIO® EM-1 2-8-8-4 LOCOMOTIVE  
(DCC-EQUIPPED)**

Suggested price: \$350.00 each  
**SHIPPING AUGUST 2013**

Built during World War II when war restrictions put a limit on new diesel locomotives, the EM-1 was the last steam locomotive class used by the Baltimore & Ohio. This simple articulated engine provided tremendous power at high speeds, making it an ideal hauler of heavy loads through the mountains of West Virginia. The Baltimore & Ohio president, Roy B. White, was so impressed after viewing the first one that he exclaimed, "Well, I must say, they have everything!" Bachmann follows in this tradition by providing a feature-rich DCC-equipped *EM-1 2-8-8-4* using the latest N scale technology.

**Features include:**

- DCC-equipped for speed, direction, and lighting
- die-cast boiler
- flywheel drive
- all-tender wheel pickup
- soft white LED headlight and backup light
- separately applied handrails and stanchions
- detailed backhead
- traction tire equipped
- chemically blackened wheels
- *E-Z Mate*® Mark II couplers

- painted maintenance building
- prototypical operator's cabin
- designed for use with Bachmann's *E-Z Track*®
- easily adaptable to other popular track systems

### RS-3 DIESEL

Suggested price: \$429.95 each  
SHIPPING SEPTEMBER 2013

Introduced in 1950, the all-purpose, 1600-horsepower RS-3 diesel locomotive had the stamina and strength for freight and passenger service yet was agile enough for yard work. With its rugged, dependable design, it's no wonder that many of these versatile RS-3 locomotives are still working today on short lines, tourist lines, and freight lines. Our model comes ready to go to work with *True Blast Plus*™ 16-bit polyphonic sound including prime mover, horn, and bell.

#### RS-3 features include:

- navigates O-31 curves
- length 14.5"; height 4.25"
- durable ABS plastic shell
- 6-amp reverse board
- direction lock-out switch
- dual motors with flywheel coasting action
- directional LED lighting
- separately applied grabirons, drop-down steps, and windshield wipers
- wire-formed handrails
- traction tires
- *True Blast Plus*™ 16-bit polyphonic sound including prime mover, horn, and bell
